DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 13-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- Regarding claim 13 the applicant discloses, “a checking means which compares a result of reading with pre-stored **check data**” and “a set of a microprocessor and a memory, **or** a microprocessor with a built-in memory...**the check data** is built in the **built-in memory** in a distributed manner.” The claim is indefinite because it requires check data then provides two alternative limitations limiting which make unclear where the check data is stored.
- Claims 14-20 depend from claim 13.

Allowable Subject Matter

3. Claim 13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. Claims 21-30 are allowed.
